

SAFETY: BARRICADING & DANGER TAPE

**SAFETY
STARTS
WITH
ME**

We use red & white
tape for barricades

1 The danger tape may only be used to warn of hazards and risks that exist.

2 The danger tape is used to stop People entering an area without permission

3 You can only enter this space With permission from the team leader or responsible person.

4 Danger tape is **not a physical barricade**. It should **not** be used to barricade excavations or open edges!

5 Entering a danger barricaded area without permission may lead to ***you being disciplined or worse INJURY***

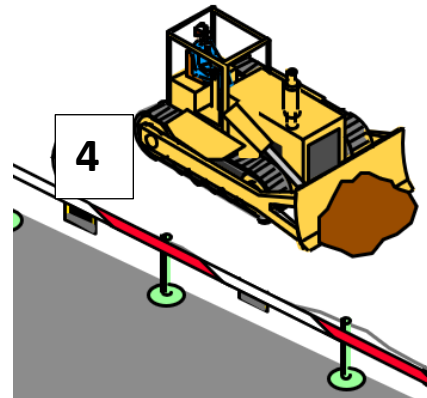

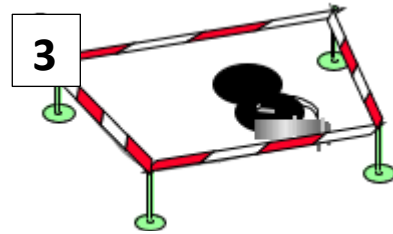

6 Before entering the area you ask

- STOP
- Request permission
- Make sure it is safe to enter
- Only then – **enter with caution!!**

If you are not sure STOP and ask!!
